

North Ayrshire Festival Forum

Apart from the major festivals and events that take place in the area, North Ayrshire Council recognise the importance of local events and the positive impact they have in their local communities.

These local events are largely organised by voluntary management committees. These volunteers deliver, in their spare time, a number of gala days, fetes, shows, festive celebrations and parades for their local community.

These events encourage participation and help develop a greater community spirit.

As a support to these groups, North Ayrshire Council set up a Festival Forum to facilitate the development of these local events.

Led by North Ayrshire Council, the Forum meet every eight weeks and offer practical advice and guidance on all matters relating to event organisation, funding, health and safety, resources and equipment.

If you are a constituted organisation based in North Ayrshire who arrange events you can become a member of the Forum by contacting Communications on:

Telephone: 01294 324137

Email: events@north-ayrshire.gov.uk
