

Equality and Children's Rights Integrated Screening Form

The public sector equality duty requires that we demonstrate that we are making decisions in a fair, transparent and accountable way. The Council must show that it has considered the needs and rights of people with protected characteristics. In addition, where decisions affect young people, we must consider the 'Rights of the Child', under the United Nations Convention on the Rights of the Child (UNCRC).

The duty requires that the Council assesses the 'equality impact' of proposals thoroughly before any decisions are taken. This should be proportionate to the decision that is being made. In addition, we must also ensure we are not impacting negatively on Human Rights or socio-economic status under the Fairer Scotland Duty.*

This form should assist in assessing whether a more detailed Equality and Children's Rights impact assessment is required.
