

Equality and Children's Rights Integrated Screening Form

The public sector equality duty requires that we demonstrate that we are making decisions in a fair, transparent and accountable way. The Council must show that it has considered the needs and rights of people with protected characteristics. In addition, where decisions affect young people, we must consider the 'Rights of the Child', under the United Nations Convention on the Rights of the Child (UNCRC).

The duty requires that the Council assesses the 'equality impact' of proposals thoroughly before any decisions are taken. This should be proportionate to the decision that is being made. In addition, we must also ensure we are not impacting negatively on Human Rights or socio-economic status under the Fairer Scotland Duty.*

This form should assist in assessing whether a more detailed Equality and Children's Rights impact assessment is required.

A. Proposal		
Title	Waste Review - Cease issuing free food waste liners	
Budget reference number and heading if appropriate (or N/A).*	SP/PL/24/09	
Amount (£) of saving if appropriate (or N/A)	£39,000

1. What are the main aims of the proposal?		
The Waste Resource Service currently issues food waste liners to households to support the recycling of food waste through the fortnightly brown bin recycling service. Food waste liners are provided to householders on demand. The proposal would be to cease the provision of free liners (bio-bags) to households and Council offices. A small supply of bio-bags will be available during an initial transitional period of three months from selected Council offices and libraries, to allow householders to adapt to the new arrangements. Householders will still be able to put their food waste in their brown bin along with their garden waste.
