A special service for
North Ayrshire Council

North Ayrshire Council would recommend that all tenants take out contents insurance.

You need to take out your own household insurance either with this special scheme through Aviva Insurance Limited or by making your own arrangements.

This scheme is open to all North Ayrshire Council tenants.*

We cannot guarantee that this scheme provides the cheapest insurance cover available, or that it provides the widest cover. You are recommended to seek alternative quotations and choose the cover that best suits your needs.

► Insurance for your home contents (see product information document at the back of this document)

When you take out this insurance your household goods and contents will be insured whilst in your home against events such as fire, theft or flooding. The insurance also covers theft of your keys and the contents in your freezer. There is also cover for personal liability.

Accidental damage and cover away from the home are not covered as standard other than what is detailed in the enclosed insurance product information document. A full accidental damage option and other options to insure your personal belongings, hearing aids and motorised wheelchairs are available at an additional cost. There is no cover for wear and tear or mechanical breakdown.

► **Benefits of your insurance scheme**

- No excess payable
- New for old cover
- Various payment options

▶ **Start date**

Insurance starts when North Ayrshire Council informs you that you have been accepted onto the scheme. North Ayrshire Council will write to you with details of your insurance payments and the date when you should start paying. You will be notified in writing if for any reason you have not been accepted into the scheme.

▶ **Keeping up the payments**

- Your policy can be cancelled if your premium payments fall into arrears.

All your home contents are covered by the policy on a "new for old" basis, with the exception of linen and clothing which will be replaced at their current cost, less an amount for wear and tear. When you are working out the cost of insurance, you will need to work out how much it will cost to replace the full contents. **If you undervalue your contents this will mean that if you claim you may not get the full value of your claim.**

► Do it yourself valuation of your household contents

Most people find that their household contents are worth more than they think. Please use this page to help value the contents of your property but first read the section on 'new for old' insurance.

Add up the two columns and round the total up to the nearest £1,000. Then enter this figure on the application form. (Please keep this sheet for future reference).

Personal Information

We collect and use personal information about you so that we can provide you with a policy that suits your insurance needs. This notice explains the most important aspects of how we use your information but you can get more information about the terms we use and view our full privacy policy at www.aviva.co.uk/privacypolicy or request a copy by writing to us at Aviva, Freepost, Mailing Exclusion Team, Unit 5, Wanlip Road Ind Est, Syston, Leicester LE7 1PD.

The data controller responsible for this personal information is Aviva Insurance Limited as the insurer of the product. Additional controllers include the Administrator and Aon UK Limited, who are responsible for the sale and distribution of the product, and any applicable insurers, reinsurers or brokers we use.

Personal information we collect and how we use it

We will use personal information collected from you and obtained from other sources:

- to provide you with insurance: we need this to decide if we can offer insurance to you and if so on what terms and also to administer your policy, handle any claims and manage any renewal,
- to support legitimate interests that we have as a business. We need this to:
- manage arrangements we have with our insurers, reinsurers and brokers we use, and for the detection and prevention of fraud
- help us better understand our customers and improve our customer engagement. This includes profiling and customer analytics which allows us to make certain predictions and assumptions about your interests, make correlations about our customers to improve our products and to suggest other products which may be relevant or of interest to customers,
- to meet any applicable legal or regulatory obligations: we need this to meet compliance requirements with our regulators (e.g. Financial Conduct Authority), to comply with law enforcement and to manage legal claims, and
- to carry out other activities that are in the public interest: for example we may need to use personal information to carry out anti-money laundering checks.

We may also use personal information about other people, for example family members you wish to insure on a policy. **If you are providing information about another person we expect you to ensure that they know you are doing so. You might find it helpful to show them this privacy notice.**

The personal information we collect and use will include name, address and date of birth, financial information and details of your home. If a claim is made we will also collect personal information about the claim from you and any relevant third parties. We may also need to ask for details relating to the health or any unspent offences or criminal convictions of you or somebody else covered under your policy. We recognise that information about health and offences or criminal convictions is particularly sensitive information. We'll ensure that we only use that information where we need to for our insurance purposes (including assessing the terms of your insurance contract, dealing with changes to your policy and/or dealing with claims).

There may be times when we need consent to use personal information for a specific reason. If this happens, we will make this clear to you at the time. If you give us consent to using personal information, you are free to withdraw this at any time by contacting us – refer to the “Contacting us” details below. Please note that if consent to use information is withdrawn we will not be able to continue to process the information you gave us for this/these purposes. This would not affect our use of the information where consent is not required.

Of course, you don’t have to provide us with any personal information, but if you don’t provide the information we need we may not be able to proceed with your application or any claim you make.

Some of the information we use as part of this application may be provided to us by a third party. This may include information already held about you and your home within the Aviva group, including details from previous quotes and claims, information we obtain from publicly available records, our trusted third parties and from industry databases, including fraud prevention agencies and databases.

Automated decision making

We may carry out automated decision making to decide whether we can provide insurance to you and on what terms, deal with claims or carry out fraud checks. In particular we may use an automated underwriting engine to provide on-line quotes, using the information we have collected.

How we share your personal information with others

We may share your personal information:

- with reinsurers who provide reinsurance services to Aviva and for each other in respect of risks underwritten by Aviva, with insurers who cover Aviva under its group insurance policies and with our brokers who arrange and manage such reinsurance and insurance arrangements. They will use your data to decide whether to provide reinsurance and insurance cover, arrange and manage such cover, assess and deal with insurance and reinsurance claims under such cover and to meet legal obligations. They will keep your data for the period necessary for these purposes and may need to disclose it to other companies within their group, their agents and third party service providers, law enforcement and regulatory bodies.

Some of the organisations we share information with may be located outside of the European Economic Area (“EEA”). We’ll always take steps to ensure that any transfer of information outside of the EEA is carefully managed to protect your privacy rights.
