

## What matters most to you?

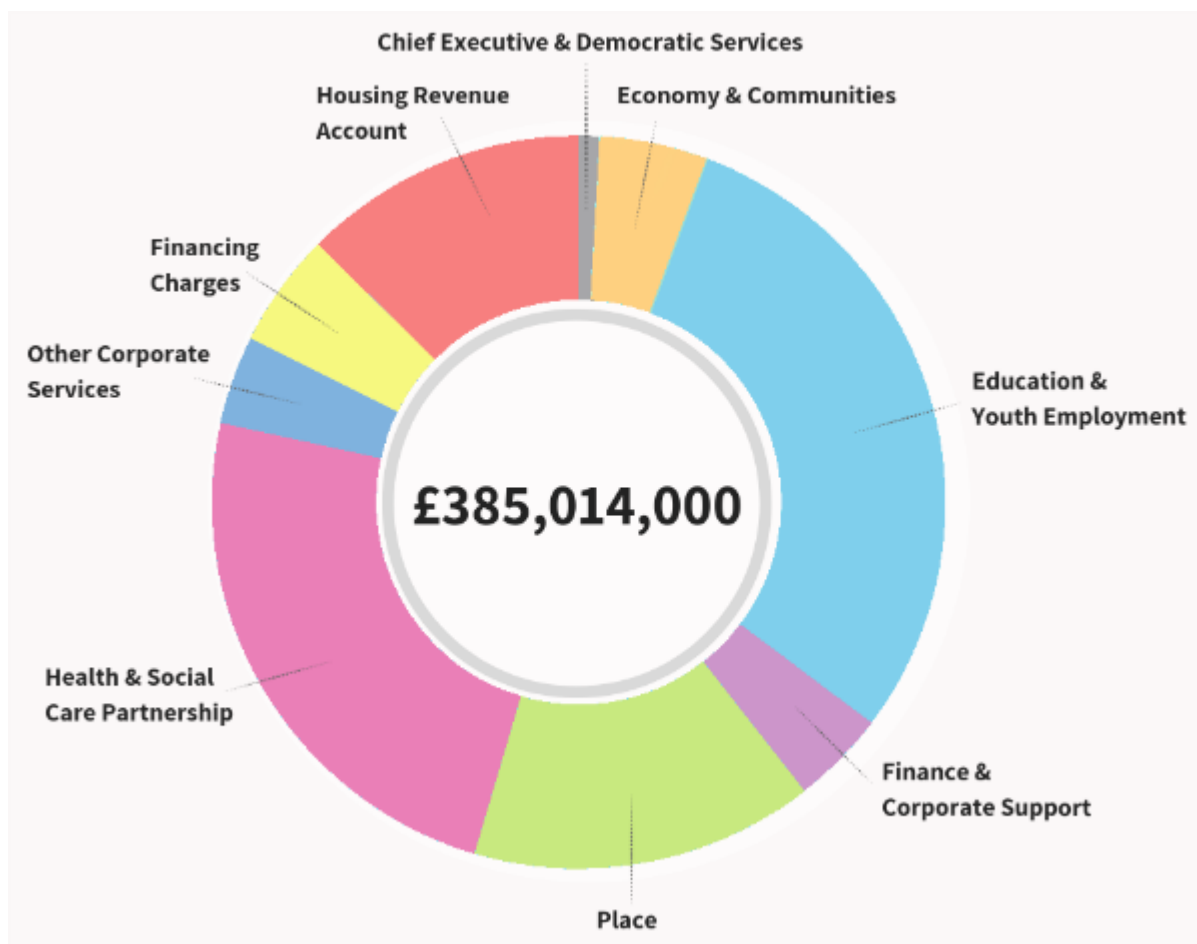

North Ayrshire Council wants to work together with communities and partners to improve wellbeing, prosperity and equity in North Ayrshire. We live in challenging financial times, but North Ayrshire Council will continue to direct its budgets towards areas of highest priority which deliver the biggest impact for our communities.

We can't do this alone, we need to listen to your views and involve you in how we plan and deliver our services so they reflect the things that are important to you.

Working in partnership and building on the strong bonds we have with communities will play a vital role in making this happen.

Take our survey and tell your thoughts on where we should prioritise our budget.
